PE

Cytopoint 80mg sq
Vx Bord IN

Ear swab - AS: rare yeast and cocci AD: 2+ yeast and cocci
Ear Cleaning level 2

Medications to go home:
Rx: Posatex Otic Suspension 15gm Manufacturer:
Instructions: Instill 8 drops every 24 hours for 14 days
For use in both ears.

Rx: Oticetic Ear Flush 12oz Manufacturer:
Instructions: Instill 10 drops twice weekly for 1 week
Instill 10 drops every 7 days for 2 weeks
Instill 10 drops every other week for 2 weeks
Clean ears as directed
For use in both ears.

1 Prognosis: Good
2 Client Education: Discussed with owner P's PE. Discussed about brown discharge on both ears (right ear looks worse). Recommended an ear swab to check for ear infection. Went over ear swab result + therapy plan for ear infection. O should maintain ears dry and clean all time. O should monitor P at home and contact us if no improvement is noticed or any decline. O mentioned that P has been itching at home. Discussed about allergy (food vs environmental vs fleas vs other). Recommended Cytopoint injection to help with pruritus. O should monitor P's skin at home and contact us if any questions/concerns arise.
3 Recheck: 10-14 days
4 Follow-Up Therapy: as needed

10/17/2024 3:15 PM

Subjective	Pena, J.	Rose, C.	2424 West Palm Beach
------------	----------	----------	----------------------

O presented p today for cytopoint + bord vaccine. No concerns at this time.
No c/s/v/d. Eating and drinking well.
